

DATE: August 29, 2018

FROM:  Brad McManus, P.E., State Roadway Hydraulics Engineer

TO: Divisions of Engineering, Construction, Operations, Local Grants and Field Districts, P3/Program Delivery, and the Office of Engineering Services and TIA

SUBJECT: **Revised MS4 Post-Construction Stormwater Report Template and Help File**

This is notice that a revised MS4 Post-Construction Stormwater Report Template and Help File is available on the R.O.A.D.S. Manuals and Guides page under Roadway Category: Stormwater Permit (MS4) & Special Design Post-Construction Details.
<http://www.dot.ga.gov/PS/DesignManuals/DesignGuides>

The revised Template and Help File should be used for all MS4 Post-Construction Stormwater Reports that have not yet been submitted for review and approval.

A summary of the major changes are listed below:

1. The cover includes a new Project Level Exclusion: *Project in an MS4 area added to the 2017 MS4 permit with concept approval before 1/3/2018.*
2. The cover includes a requirement to indicate if the project discharges to a trout stream.
3. Guidance on incorporation of runoff reduction into the Report was added.
4. Attachment B-1, Pre- versus Post-Development Drainage Area Summary was added.
5. MS4 Post-Construction Stormwater Report Review Checklists are included with the Help File. This is a resource for designers to verify all applicable information is submitted with the Post-Construction Stormwater Report. Incomplete submittals will not be reviewed. The applicable checklists must be submitted with each draft MS4 Post-Construction Stormwater Report.

If you have any questions, feel free to contact Brad McManus, P.E., at (404) 631-1630, bmcmanus@dot.ga.gov, or Drew Martin, P.E., at (404) 631-1625, dmartin@dot.ga.gov.
